"I am not entitled to the vote of any man who does not favor the Election Law."—W. G. Goebel of Harrocksburg.

"It will be as liberal as Mr. GOEBEL. I do not want the vote of any man who is in favor of the Election Law."—W. S. Taylor of London.

On the campaign trail: "It really beats the band how they manufacture falsehoods out of raw material—and then swear to them. Recently The Courier Journal printed a batch of affidavits prepared by Bullitt county people, charging that ex-Governor John Brown, in a speech at Shepherdsville, had induced the Goebel Election Law."

Ex Governor Brown makes denial of the statements, and formally for he is supported by Bullitt County G. C. Carter, of Louisville, who is a Goebel Election Commissioner for Jefferson county, who on the occasion named spoke jointly with Mr. Brown, and whose many letter follows:

Louisville, Ky., Oct. 30, 1890.

Hon. John Young, Bro. City—Dear

Gentlemen: I have read the affidavits regarding the Shepherdsville meeting in 1898, at which you and myself were present. Many of the affidavits come from the fellow citizens who signed the affidavits published in The Courier Journal of this date. Whilst you, in viewing the matter, may have been led to believe it true Democrat, and that you would fully endorse what I said, "I did not refer to the Goebel election law, nor to the election of 1898, but to the election of 1890, which was held at Springfield on the previous day, and had given the measure my indorsement, pointing out such of the provisions of the bill as I thought were improvements on the old statute, but neither at Springfield, nor at Shepherdsville did you mention the Goebel election bill, nor did you say anything that would bringing that you would not do so. Nothing on the trip was said by you to indicate that the law was not your approval, but, on the contrary, you said you were opposed to the law. Yours truly,

ASHER G. CARTER

KNOW HOW IT WORKS

People of This District Had a Taste of the Goebel Law.

TRYED TO COUNT SAM PUGH OUT

Correspondence Louisville Commercial.

VANCEBURG, Ky., October 27th.

The people of the Ninth District are ready to show their disapproval of Goebel this year. The election of 1890 is still in the Congressional election last fall. But for a mistake than Congressmen Sam J. Pugh of this place would have been counted out by Mr. Goebel's Election Commissioners.

Judge Pugh's father-in-law, Judge Thomas, was Congressman in this District before him. The Democrats then gerrymandered the District and it went Democratic by over 3,000 majority. Judge Pugh then made the race, winning by 80 majority. This is his third term, and it is partly due to his intense popularity in the District that he was not counted out of it.

The Democrats themselves saw that Pugh was elected last fall, but they underestimated his majority. The Carter County Board is alleged to have thrown out a Republican Preliminary ticket thereby to encompass his defeat. It was then discovered that a mistake had been made, and that Pugh's majority was still 18.

The County Election Boards in Bracken and Rowan counties were then re-commissioned, and more Republican votes allowed to have been thrown out and new certificates issued. Such a storm was raised over this procedure that the State Election Board ruled that it could not go behind the first returns in those counties, the certificates having been issued. The Election Board, with astute politicians behind it, probably realized that it was useless to secure a Congressional election by fraud, as the Republicans could easily have unseated his competitor by a contest in such a case.

The Pugh case, however, shows how easily the Goebel Law can be used by the Republicans. The men and women of the South know how large Pugh's majority was they could easily have thrown out enough Republican votes at first and they would then possibly have been upheld by the State Board.

# IS CRITICALLY ILL

The British Troops Attempted to Drive the Boers From Their Position.

## TERRIFIC ARTILLERY ENGAGEMENT.

Shells From the Boers' Guns Thrown Into the Town at a Range of Over 6,000 Yards.

The Engagement Lasted for Several Hours, With a British Loss Estimated at From 90 to 100 Boer Losses.

LADYSMITH, Oct. 31.—The naval brigade made Monday morning at half-past nine commenced firing with such terrific fury with precision. The Boer forty-pounds, which had again begun to shell the town, were temporarily disabled by the third and fifth shots. Brisk fighting is in progress on the right and left flanks.

The advance was made at dawn with the object of shelling the Boers from the position on the Sunday they had maintained since Aug. 1. On reaching the spot, however, it was found that they had evacuated the position. The British continued to advance, and the movement developed into a reconnaissance in force. The enemy were posted on a range of hills having a frontage of about 14 miles. The British force was disposed in the following order:

"On the right, three regiments of cavalry, four batteries of Royal field artillery, and five battalions of infantry; in the center three batteries of the Royal field artillery, two regiments of cavalry and four infantry battalions, and on the left the Royal Irish fusiliers, the Gloucestershire regiment and the 10th mountain battery.

This force had been detailed to guard our left flank at a late hour Sunday night.

Gen. White's plan of operations was as the movement developed, the force constituting a rear, which was disposed under cover of a long ridge three miles from the town, should throw itself upon the enemy, while the left flank was held, held by the Fusiliers and the Gloucesters.

The scheme was well devised but failed in execution owing to the fact that the Boer position which formed our objective was evacuated.

Our artillery quickly reduced the volume of the enemy's fire, and the attack on our right side was the principal one and the column was compelled to change. The Boer at task had been silenced for a time and our infantry advanced, covered by cavalry.

The enemy now began to develop a heavy counter attack, and as they were in great numerical superiority, Gen. White gave orders for the infantry to be gradually withdrawn. The men were withdrawn with great coolness and deliberation, over our guns, which made excellent practice. Some shells were thrown into the town from the enemy's 40-pounders at a range of over 6,000 yards, but no damage was done.

The engagement lasted several hours and resulted on our side in casualties estimated at from 90 to 100. Boer losses must have largely exceeded this total. The attack was admirably delivered, and our withdrawal was fairly driven out of their strongholds near Lombard's kopje. It was not possible, however, to push the success much further, as beyond that point lay a long, broken ridge, affording every kind of natural cover. On this the enemy took the fullest advantage.

Our shells failed to dislodge the Boers and as our infantry moved forward in small order, the cannoneers, heavy and well directed rifle fire, the effect of which was soon apparent. Gen. White, who was with the center, seeing that the troops on the right were somewhat at pressed, sent to their assistance the whole center column, with the exception of the Devonshire regiment.

The battle had then lasted four hours, during which time we had lost about 100 men, all but one of whom had been almost unconscious.

The naval brigade, which landed at Durban, had arrived on the scene toward the end of the fight and immediately brought their heavy guns into play. Their practice was magnificent. At the fourth shot the enemy's 40-pounders had been knocked out of action.

The town is now freed from apprehension of bombardment. Through our own engagement the Boers hold their ground with courage and tenacity and, considering the intensity of our artillery fire, they must have suffered severely.

## THE SPANISH COMMISSION RETURNS.

They Entered Insurgent Lines With Money Some Time Ago to Relieve Spanish Prisoners.

They Found Them Ill-Treated and Ill-Paid.—The Prisoners Are Held in Hope of Compelling Spain to Recognize Filipino Independence.

MANILA, Oct. 31.—Three companies of Col. Bell's regiment have had two encounters with the insurgents in the hills and scattered them. The insurgents left four officers and eight men dead on the field and the Americans captured three prisoners and several gunners. On the American side one man was killed and two others, and six were wounded.

Capt. French took a reconnoitering party beyond Laham after he had met the enemy, and was reinforced by Maj. Bishop with two companies. The insurgents brought up cavalry reinforcements and there was a second fight during which their leader, Maj. Howard, was killed and many were wounded.

Col. Bell has given a free hand to the Spanish commission, which entered the insurgent lines a month ago with money to relieve the wants of several thousand military and civil Spanish prisoners, returned to Angeles Monday. The commissioners report that they found most of the men in Tarlac and vicinity, where there are some 2,700 sick Spaniards in the hospital. The Filipinos ill-treat and ill-feed them, refusing to surrender them, as well as the other Spanish prisoners, in the hope of compelling Spain to recognize the independence of the island.

From Tarlac to Bamban, about two-thirds of the way to Manila, the trains travel by train on the Manila-Dagupan railway. The remainder of the journey from Bamban to Angeles is a footpath. The Filipinos ill-treat and ill-feed them, refusing to surrender them, as well as the other Spanish prisoners, in the hope of compelling Spain to recognize the independence of the island.

The commissioners have brought a letter to Gen. Otis from a relative of the murdered Filipino Gen. Luis, who wishes to avenge the assassination of Aguinaldo's officers and who is a prominent individual with the military government. According to the commissioners' statement, Aguinaldo, who is still at Tarlac with 3,000 troops, wishes to continue the war, although he has a high opinion of the American officers and soldiers. Gen. Lawton will be sent to El General de la Noche (the night general), because that commander has attacked him so often in the darkness that he never knows where to look for safety.

He refused to enter into details relative to the malady from which the patient suffered, but his idea was that it was necessarily fatal, although not immediate.

WICHITA, Oct. 31.—The news that Vice President Hobart had suffered a severe relapse and might not be able to survive the latest attack shocked Washington, where he is decidedly popular and highly respected. It had been known for some time that a sudden attack might completely prostrate him at any moment, and it was realized that his days of activity were over, but nevertheless his friends had not prepared for Monday's advance.

PATerson, N. J., Oct. 31.—Dr. Newton refused to make any definite statement as to the cause of Mr. Hobart's illness. He said, however, that the report that Mr. Hobart's mind was in any way affected by the illness was untrue. This statement was also made by members of the family, including Mrs. Hobart, the vice president's secretary.

## EDITOR THOMPSON INDICTED.

Action Made By Jefferson County Grand Jury For Criminal Libel.

The Jefferson County Grand Jury Thursday returned an indictment against J. E. Thompson, owner of The Bracken Chronicle, published at Augusta.

The indictment is based on an article which appeared in that paper October 1st.

The article was an attack on the Rev. Henry R. Coleman of Louisville, and was one of a series of attacks which were made and started that the Rev. Coleman, who is taking a leading part in the fight made by religious interests against Goode, would not do so were he not actuated by mercenary motives.

A copy of the paper was sent to the Grand Jury, which decided that the matter furnished grounds for action, and an indictment was ordered drawn. It was returned Thursday.

The article on which such action was made, among other things concerning Mr. Coleman said:

"He does not value his good name or honor above money. What he can make is the way he looks at every question. What he gets from his efforts to stamp out Gobelinism may never be known to us or to the public, but believe him as causing as the devil would have one of his principal servants, we will give him small sum. No honest Minister of the Gospel could make trial to the old world, gain a competence and live the life of luxury Coleman does and be strictly honest."

The indictment states that Thompson thereby meant and charged that the said H. R. Coleman was guilty of conduct unbecoming a Minister of the Gospel; that he was a man without honor, and a servant of the devil, and was personally dishonest, when in truth, and in fact all and singular of said charges were and are wholly false and untrue, yet nevertheless the said J. E. Thompson did unlawfully, wickedly and maliciously, as aforesaid, publish and print and cause to be published and printed and circulate, and cause to be circulated, the same in the said Bracken Chronicle, and did circulate and cause the same to be circulated in Jefferson county, as aforesaid, the greatest damage intended, and that the said H. R. Coleman in his personal standing and character as a Minister of the Gospel to the evil example of all others and against the peace and dignity of the Commonwealth of Kentucky.
